

QUICK
Group of companies

**COMPANY
PROFILE**

QUICK GROUP INTRODUCTION

Quick Group of Companies focuses on delivering efficient services, innovative solutions, and dependable project execution.

Our approach emphasizes quick response, technical excellence, and customer satisfaction, ensuring that every project is completed with the highest standards of safety and professionalism.

About Our Mission

To provide reliable, innovative, and cost-effective engineering and technology solutions that enhance business efficiency and infrastructure reliability.

About Our Vision

To become a trusted multi-sector solutions provider, recognized for quality, innovation, and long-term customer partnerships.

POWER BACKUP & ENERGY STORAGE SOLUTIONS

Ensuring reliable power and seamless operations with advanced backup and energy storage solutions for businesses and industry.

- 1 Gas & Diesel Generators
- 2 Uninterruptible Power Supply
- 3 Variable Frequency Drives
- 4 Automatic Voltage Regulators
- 5 Hybrid Super Capacitor Systems
- 6 LiFePO4 Battery Energy Storage Modules
- 7 VRLA / Dry Batteries

1. Gas and Diesel Generators

We provide high-performance gas and diesel generators to ensure uninterrupted power supply in all conditions.

- Industrial-grade and residential generators for reliable operations.
- Efficient fuel management with emission-compliant systems.

2. Uninterruptible Power Supply

Our UPS systems safeguard critical loads against power outages and fluctuations, providing instant backup power.

- Single-phase and three-phase UPS systems for reliable power backup.
- Scalable solutions with advanced monitoring for offices, data centers, and industries.

3. Variable Frequency Drives (VFDs)

We offer VFDs to control motor speed and optimize energy consumption across industrial processes.

- Customizable systems for HVAC, pumping, and manufacturing.
- Energy-efficient motor control solutions to reduce mechanical stress.

4. Automatic Voltage Regulators

Our AVR solutions ensure stable voltage supply to safeguard sensitive equipment and maintain system reliability.

- Consistent voltage regulation and surge protection
- Prevention of equipment damage and downtime
- Ideal for industrial, commercial, and utility applications

5. Hybrid Super Capacitors

High-performance hybrid super capacitors designed for rapid energy storage and instant power delivery.

- Fast charge and discharge capabilities
- Long operational life with minimal maintenance
- Ideal for critical load support and energy bridging

6. LiFePO4 Battery Energy Storage Modules

We provide advanced lithium iron phosphate (LiFePO4) battery systems for

safe, efficient, and long-lasting energy storage.

- High energy density with extended lifecycle
- Modular and scalable system design
- Eco-friendly and highly reliable performance

7. VRLA / Dry Batteries

Reliable VRLA and dry battery solutions for consistent and maintenance-free backup power.

- Cost-effective and dependable energy storage
- Wide capacity range for various applications
- Ideal for UPS systems, telecom, and backup solutions

Group of companies

OUR VALUED CLIENTS

WE ARE LOCATED AT

KARACHI (HEAD OFFICE)
WS-23 FB Area, Block-1 Near
Usman Memorial Hospital, Karachi.

(HYDERABAD BRANCH)
84, Block E, Gulshan-e-Hali
Near Aqsa Masjid

(GUJRANWALA BRANCH)
Suit No. 18 Street No. 1, Y.
People Colony,

(KHI (BRANCH)
36 - B Faisal Plaza,
Gulzar-e-Zahoor Gora Qabristan

(MULTAN/BWL BRANCH)
A-3 Khadija Nazeer Street,
Canal View Near Pull Dewan

WAREHOUSE
174, B-185 Sector 6-H, Korangi
Industrial Area

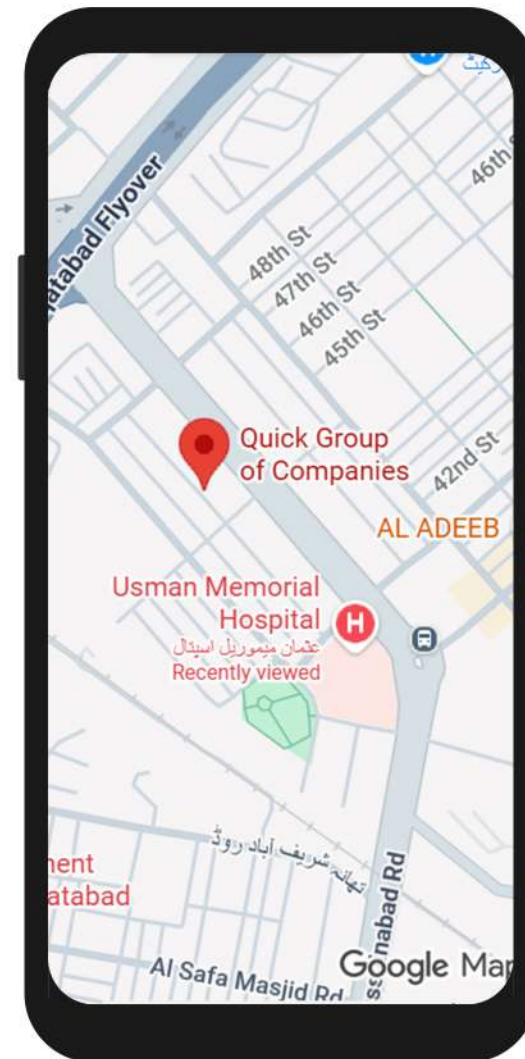

(PEW BRANCH)
G.P.O Saddar Road,
Peshawar Cantt.

(LHR BRANCH)
Office # 27-Madina Building,
Near Patiala Ground

(QUETTA BRANCH)
Patel Road Near Yaseen
Hospital,Quetta.

(ISLAMABAD / RAWALPINDI)
1-B Basement, Satti Plaza
Main Double Road raealpindi

(FAISALABAD BRANCH)
57-Sultan Market
Railway Road
